

Chrissanthie

See the difference

Created by an Ophthalmologist

A revolutionary eyelid shampoo that is an all in one cleanser and perfect for using with eyelash/brow extensions.

Ophthalmologist Designed South African Product

Now used by the beauty industry worldwide.

Designed to clean eyelids and eyelashes of all ocular secretions made in response to conditions such as Blepharitis

Common symptoms of **Blepharitis** include scratchy, red and dry eyes.

It is common among people who wear eyelash extensions and do not cleanse the eyelid area thoroughly.

30% or more of children and 50% of adults may suffer from Blepharitis.

Chrissanthie Eyelid Cleanser contains Tea Tree and Citrus extracts.

- ▶ Completely cleanses and sanitises the eyelids
- ▶ Removes all traces of eye make-up including long - wearing and waterproof formulas.
- ▶ Will not break down adhesives used in eyelash/brow extensions
- ▶ Great for cleansing make-up artist brushes and tools
- ▶ Ideal for sensitive skin and contact lens wearers, leaving eyes feeling cool and relieved without any oily residue

Chrissanthie

See the difference

Created by an Ophthalmologist

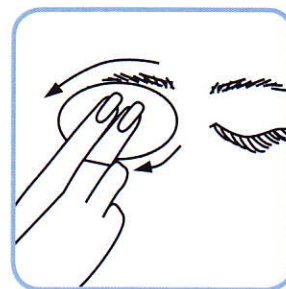

Directions for use

1. Tea Tree Eyelid Cleansing Shampoo

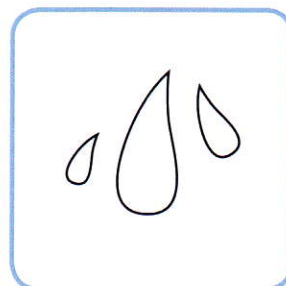

2. Soak lint free cotton wool pads or gauze swabs in hot water and add a drop of eyelid shampoo/ For eyelash/brow extension wearers, use a pea sized amount and a clean make-up brush to clean in between lashes.

3. Hold over closed eyes for one minute, rub from inner to outer corner of eyelids (upper and lower lids) as though you are removing eye make-up.

4. Then rub eyebrows too.

5. Rinse lids, lashes and eyebrows well with water.
